Subject: CMH to Represent Vibro-Acoustics

Valued Customer:

We are pleased to announce CMH now represents Vibro-Acoustics noise and vibration control products in the South Florida Market.

More than 50 years of experience have taught Vibro-Acoustics even the best HVAC noise and vibration control products can do more harm than good when improperly applied. For that reason, Vibro-Acoustics focuses first and foremost on the proper application of a wide range of products. Rather than merely standing behind their products' catalog ratings, they provide guarantees for the end result—the occupied space sound criteria.

Feel free to contact your CMH Representative with any related questions or comments. We look forward to serving you in the near future.

Respectfully,
