Subject: CMH signs on as a Lennox Commercial Manufacturer's Representative

Valued Customer:

We are pleased to announce CMH is rejoining forces with Lennox to promote its commercial line of products. We will be working in tandem with Don Schutte, Lennox Regional Territory Manager, to cover the South Florida Market. You should receive an associated announcement letter, directly from Lennox, as well.

Lennox Commercial leads the industry in energy efficiency with its "Energence" Rooftop product line. In a continuing commitment to innovation and excellence, Lennox has introduced the SunSource Commercial Energy System- the first and only commercial HVAC System that integrates directly with solar power. **When coupled with Energence Rooftop units, customers can realize levels of 34 SEER and beyond. Please review the attached SunSource brochure to see how you can take advantage of this leading edge technology.**

Feel free to contact your CMH Sales Representative with any related questions or comments. We look forward to serving you in the near future.

Respectfully,

John Simitzes
