Subject: CMH to Represent Aircuity

Valued Customer:

We are pleased to announce CMH now represents Aircuity's line of Indoor, Environmental Measurement and Optimization Systems in the South Florida Market.

Aircuity's system, called OptiNet, is a unique, patented system that takes samples of air remotely throughout a facility and routes them to a centralized suite of sensors. By measuring critical indoor environmental parameters, the OptiNet system can provide intelligent input to building ventilation systems for energy efficiency and high quality indoor environmental quality. Install Aircuity Solutions today—and start saving energy tomorrow!

Feel free to contact your CMH Representative with any related questions or comments. Additional product information is available via our website at www.cmhsolutionsinc.com. We look forward to serving you in the near future.

Respectfully,

Dwight Sley
